

## 3.12. Where to now?

- Use the example database to experiment with different commands as you read about them in the user guide.
- Have a “dummy run” at starting a new data file and using it.
- Return to our main documentation page at [www.docs.msupply.org.nz](http://www.docs.msupply.org.nz)

// Previous: [3.1. Logging in](#) | Next: [3.3. Working with lists](#) //
