

Barcode label printing

Added: Version 4.01

You might want to print barcode labels for your stock if an existing label is damaged, if you break a box down into smaller pack sizes and the contents don't have individual GS1 barcodes or if some stock comes into your warehouses and it doesn't have valid GS1 barcodes on it.

mSupply prints barcode labels onto stocky labels using a label printer. Before you try to print any barcode labels you must setup your printer. See for [Label printing preferences](#) details.

There are several places in mSupply where you can print barcode labels for your stock.

Item details page

The screenshot shows the 'Item details...' window in a software application. The window has a sidebar on the left with a menu including 'General', 'Misc', 'Usage', 'Stock', 'Ledger', 'Quotes', 'Backorders', 'Notes', 'Reconcile', 'Bill of materials', 'Purchase Orders', 'Order options', 'Dispensing', 'Reporting', 'Log', 'Requisitions', 'Stores', and 'Barcodes'. The 'Stock' option is selected.

The main area displays the following information:

- Item name: Test item 02
- Item code: test02
- Store: General

Below this is a toolbar with icons for 'Show zero lines', 'Print', 'Split', 'Update sell prices', 'Show related invoices', 'Consolidate', 'Labels', and 'Print barcode labels'. The 'Labels' icon is highlighted.

A table lists stock items with the following columns: Line, Available packs, Total packs, Hold, Pack size, Batch, Expdate, Supplier, Manufacturer, Location, Cost Price, Sell Price, Status, and Tot... The table contains three rows of data:

Line	Available packs	Total packs	Hold	Pack size	Batch	Expdate	Supplier	Manufacturer	Location	Cost Price	Sell Price	Status	Tot...
1	1998	1998	<input type="checkbox"/>	1	uiopc6...	31/01/2020	testsup...		b1	0.00	0.00		0
2	3000	3000	<input type="checkbox"/>	2	zxcv67	30/04/2023	testsup...		a2	0.00	0.00		0
3	200000	2000...	<input type="checkbox"/>	1	cvbrv...	30/04/2024	testsup...			0.06	0.06		0

A dialog box titled 'Number of labels to print' is overlaid on the table, with a text input field containing '1998' and 'OK' and 'Cancel' buttons.

Below the table are sections for 'Stock' (Minimum stock: 0, Stock on hand: 207,998, Stock on order: 0), 'Non stock items' (Non stock item: , Default customer:), and 'Months Cover' (Based on: 0 months usage, Exclude stock with expiry date less than: 3 months, Generating an order for: 0 months stock).

At the bottom are buttons for 'Delete', 'OK & Previous', 'OK & Next', 'Cancel', and 'OK'.

Supplier invoice

The screenshot shows a 'Supplier invoice' window with a 'Confirm...' dialog box. The dialog contains a warning icon and the text: 'This will print a label for each pack of the selected lines. OK to proceed?'. The 'Yes' button is highlighted.

Supplier Invoice Details:

- Name: Test supplier 01
- Their ref: testsup01
- Confirm date: 00/00/00
- Category: None
- Colour: Black
- Invoice number: 4
- Entry date: 28/01/2019
- Status: nw
- Goods received ID: 0
- Purchase Order ID: 0
- Entered by: user 1 (pass=)
- Store: General

Table:

L...	Lo...	Item Name	Qty	Pack	Batch	Expiry	Cost Price	Sell Price	Price extension
1		test item 01	1000	1	asd	31/05/2021	0.01	0.01	10.00
2		Test item 03	30	100	fdgh678	31/07/2022	3.00	3.00	90.00

Summary:

- Subtotal: 100.00
- 0 % tax: 0.00
- Total: 100.00

Other changes:

- Item(s):
- Amount: 0.00

Buttons: OK & Next, Delete, OK
