

26.04. How to remove stock lines that have '0' available

Occasionally users will come across stock lines in mSupply that cannot be removed easily. It almost like you have stock but you cannot carry our stock take or inventory adjustment to reduce the stock level to zero.

Below are two examples :

Item details...

Item name: Paracetamol 500mg tablet Store: Pharmacy

Item code: pct500tab

Show zero lines Print Split Update sell prices Show related invoices Consolidate Labels

Line	Available packs	Total packs	Hold	Pack size	Batch	Expdate	Supplier	Manufacturer	Location	Cost Price	Sell Price	Status	Total...
1	10	10		1			invad			0.00	0.00		0
2	0	100		1	150701	30/07/20				0.00	0.00		0
3	22560	22860		1	130816	30/07/20	c			0.00	0.00		0
4	17729	19129		1	130816	31/07/20	Si			0.00	0.00		0

Above we have Paracetamol 500mg where for the highlighted batch (red square) we have a total of 100 but available is 0. This means that 100 in stock but all of this has be reserved for a customer.

Below is another example :

For Amoxycillin 250mg we have 92 in total and 42 available. This means that we have $92 - 42 = 50$ reserved for customers.

Handling reserved stock

Customer invoices that are of status “nw” or “sg” will end up reserving stock. This theoretically means that you have the stock but it cannot be used as it has been reserved by the invoices.

You as a manager will be required to view the “nw” and “sg” invoices and decide if they are still valid or not. If the invoices are valid then you should **“confirm”** them if not they can be deleted.

So search for customer or prescription that are of “nw” status. Follow the image below. Do customer > Show invoices... or patient > Show Prescriptions...

Search for “Status” equal to “nw” as above. If the “nw” invoices exist, then you will be shown a list. Double click to review. Delete if the invoice is not valid otherwise **“Confirm”**.

“nw” invoices will exist in the database if you have suffered un-expected hardware or network communication failure.

Now repeat similar for “sg” type invoices :

Find transaction....

Complex Find

Cancel

Find

“sg” invoices are part of the warehouse functions. You may have simply forgotten about these invoice or the customer lost interest in the order.

Your search for “nw” or “sg” invoice may result is the list below.

Note the highlighted “Status” column

Your job is now to review each invoice and to either **“confirm”** them or to delete them. These invoices may no longer be valid, you have to decide on this.

Confirming an invoice

To confirm a customer invoice, open it and click on the **Confirm** button:

The screenshot shows the 'Customer invoice' window. At the top, there are fields for Name (ER), Their ref (er2), Comment, Confirm date (00/00/00), Category (Imprest), Colour (Blue), Invoice (143,996), Entry date (12/09/2016), Goods receive ID (0), Status (sg), Entered by, and Store. Below these are buttons for New line, Delete line(s), Backorders, History, and Confirm (highlighted with a red box). The main area is a table with columns: Location, Item Name, Quan, Pack Size, Batch, Exp date, Sell Price, and Price exten. The table contains 12 rows of items. At the bottom, there are fields for Other charges, Item, Amount, Subtotal, 0 % tax, and Total. There are also checkboxes for Hold and Finalize, and buttons for OK & Next, Delete, and OK.

Location	Item Name	Quan	Pack Size	Batch	Exp date	Sell Price	Price exten
1	Ibuprofen 400mg tablet	50	1			0.00	0.00
2	Amoxicillin 125mg/5ml Susp	2	1			1.53	3.06
3	Cloxacillin 125MG/5ML	2	1	none		0.00	0.00
4	Cloxacillin 250mg capsules	50	1	14184002	30/04/20	0.04	2.00
6	Amoxicillin 250mg Capsules	50	1	KM3665	30/09/20	0.03	1.50
7	Paracetamol 500mg tablet	100	1	150701	30/07/20	0.00	0.00
8	Paracetamol 120mg/5ml elixir	4	1			0.00	0.00
9	Oral rehydration salts	30	1			0.00	0.00
10	Salbutamol 100mcg Inhaler	2	1	none		0.00	0.00
11	Salbutamol 4mg tablet	50	1			0.00	0.00
12	Salbutamol 5mg/ml Resp. Soln 20ml	2	1			0.00	0.00

Note the status detail. This will show *cn* when the invoice is confirmed, not *nw* or *sg*. The **Confirm** button will not be shown if the invoice is already confirmed.

For prescriptions, you won't see the **Confirm** button because they are automatically confirmed when you close them by clicking on the **OK** button.

The result

Once all the “sg” and “nw” invoices are processed, then your stock figures will update and they shouldn't be any stock that has been held as reserve.

Below the images should speak for themselves - the *Total packs* matches the *Available packs*. Please compare the image below with the ones above at the start of this topic.
