Adding a new patient

Choose **Patient > New Patient**, or click the *New Patient* button on the navigator. This will show the following window:

The screenshot shows a software window titled "New/Edit Patient Info...". At the top, there's a "Patient code" field with the value "2", a "Store" dropdown menu set to "Hospital Info System", and a "Registration Date" field with the value "22/11/12". Below this is a tabbed interface with tabs for "General", "Contact details", "Encounter", "Disease history", "Log", and "Store". The "General" tab is selected. It contains several sections: "General Info" with fields for Title (Mr), First Name, Middle Name, Last Name, Gender (radio buttons for Female and Male, with Male selected), Marital Status (Single), Blood Group, DOB (05/03/00), Age, Occupation (None), Religion (None), Ethnicity (None), and National Health Number; "Next of Kin" with fields for Name, Patient Code, Relation, Phone, and Email; and "Patient Picture" with a large empty box and "Add" and "Remove" buttons. At the bottom of the window are three buttons: "OK & Next", "Cancel", and "OK".

Most of the fields are self-explanatory..

- First & last name (mandatory)
- Next of Kin
 - Here you can link a patient to another existing patient.
 - Type the last name then a comma, then the first name (or part thereof), and press tab. A list of matching names will be shown. Double-click on a name to select that person.
- Patient Picture
 - You can add a patient picture by clicking the *Add* button.
- Address and other contact details can be entered on the *Contact details* tab.
