11.03. Prescription payments and credits

Prescription payment preferences

To receive payments for prescriptions in a dispensary, go to **Dispensary Mode Preferences** and check the **Receive payments from prescription window** box.

Once activated, a **Payment** tab will appear in the *Prescription Entry* window:

| Patient detail | - | | | _ | | | | | | | Black |
|-------------------|----------|-------------------------------------|-----------------|-------------------------------------|-----------|---------------------|-------------------|-------------------|----------------------|---------------------------------------|-----------------|
| New Patier | | Name Patient, Test Code: testp01 | _ | Ŧ | | of birth Address | : 00/00/00 | | Female | Store: AKPESSEK Entered 27/04/2020 | RO (CSR-D PUBL) |

| | | | | | | . = | Delete not | | | Total: Amount Outstanding: | 300.00 |

Entering the payment

To enter a payment from the Prescription Entry window:

1. Click on the **Payment** tab.

2. Enter the amount to be paid for this invoice today in the **Amount paid by patient** field, then press the *Tab* key on the keyboard:

| | | | | | | Black |
|--------------|--|------------------------|--------------------------|---|----------------|--------------------------|
| 2 | Name Patient, Test | 1 | Date of birth : 00/00/00 | Female | Store | AKPESSEKRO (CSR-D PUBL) |

| This invoice | Cheque # | a payment is entered. | | Invoice | total | 300.00 |
| This invoice | Cheque # | a payment is entered. | | | | |
| This invoice | Cheque # | s payment is entered. | | Total outstar | iding | 300.00 |
| This invoice | Cheque # | s payment is entered. | | Total outstar Available o | iding redit | 300.00 |
| This invoice | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |
| This involce | Cheque # | s payment is entered. | | Total outstar Available o | nding xedit | 300.00 |
| This involc | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |
| This involce | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |
| This involce | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |
| This involce | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |
| This involce | Cheque # | s payment is entered. | | Total outstar Available o Amount paid by pr | nding xedit | 300.00 0.00 300.00 |

In this example, the invoice is \$300 and the patient will pay the full cost today in cash.

3. A confirmation window will open:

| tient details | Name Patient, Test | | Date of birth : 23/1 | 1/1974 Fe | male | | Black |

Enter the actual amount given by the patient in the **Cash given** field and press the *Tab* key on the keyboard. mSupply will calculate the change that must be given back to the patient and show it in the **Change required** field.

In this example, the invoice is \$300 and the patient is paying with a \$500 note. mSupply calculates the change to be returned is \$200.

If you have setup other payment types in the preferences (see 16.10. Options (standard reasons)) then you can select the type of payment being made in the **Payment type** drop down list.

Please note: You cannot overpay a prescription. If you edit the **Amount paid by patient** field to be more than the invoice total you will be shown a message and the **Amount paid by patient** will be reduced back down to the invoice total.

4. Click **OK** to **finalise** the prescription and payment and close the window (if a payment is entered the prescription will be automatically finalised, you have no choice). If the **Print receipt** checkbox is checked then a payment receipt will print at this point.

Paying with credit

Patients can be given a credit limit (see 10.03. Patients) and can use some or all of that credit at any time to pay off some or all of a prescription. Patient credits (see below) will add to the amount of credit a patient can use. Credit will also be added to a patient when they return goods using a patient credit (see below).

The process of using credit in a payment is exactly the same as a the payment process described above. The only difference is that, if the patient has some credit available, mSupply will automatically use as much as it can to pay for the patient's prescription. You can see the amount of credit the patient has available (made up of their credit limit and patient credits applied to them) in the **Available credit** field and the amount of credit used to pay for the prescription in the **Amount paid by credit** field:

| New Patient | Name Patient, Test Code: pattest | ł | Date of birth : 04/11/1963 Address : | Female | Store: AKPESSEKRD (CSR-D PUBLIC Entered 18/05/2020 |
|-----------------------|--|-------------------------------------|---|---|--|
| Prescriber S Code: | earch Prescriber | Confirm date : Prescription date | 00/00/00 18/05/2020 Patient type Inpatient | t 🕒 | Invoice 442 Entered by Sussol |
| | | | Items Payment | | |
| This invoice | e will be automatically finalised if a | payment is entered. | | Select Insurance | |
| | Note | | | Payable by insur Total outstan Available o Amount paid by pa Amount paid by o | total 58.00 ance 0.00 ding 58.00 redit 100.00 tient 0.00 |
| | | | | | |

In this example, the patient has 100 credit available (made up of their credit limit only, which is 100) and all 58 of their prescription charge has been paid with the credit.

If you or the patient does not wish to use their credit, or wishes to reduce the amount of their credit used to pay the prescription, simply change the amount actually paid by the patient in the **Amount paid by patient** field and press the *Tab* key on the keyboard so that mSupply re-calculates the amount paid by credit. Here is a screenshot if the patient in the example above decides to pay 10 towards their prescription and only use 48 of their credit:

| tient details | | Patient, Test Testp01 | | ł | D | ate of birth : 23/11/1974 Address : | Female | | AKPESSE | Black KRO (CSR-D PUB |

Patient credits

You can allocate funds in a patient's favour by giving them a **Patient Credit**. You might need to do this if, for example, a patient returns faulty medicines they already paid for. Patient credits will be *subtracted* from future invoices until all credits are used.

1. In the menus, choose **Patient > New patient credit...**:

| 2: | mSupp | ly | | | _ | | |
|------|-------|------|----------|---------|------------|----------|--------|
| File | Edit | ltem | Supplier | Patient | Report | Special | Help |
| | | | | Sh | ow prescr | iptions | Ctrl+F |
| | | | | N | w prescri | ption | Ctrl+N |
| | | | | Sh | ow patien | its | Ctrl+O |
| | | | | N | ew patient | | Ctrl+P |
| | | | | N | w patient | credit | |
| | | | | Sh | ow patien | t events | |
| | | | | м | erge name | es | |

2. Enter the patient in the **Name** field just as you would for a prescription. You can also enter other details such as a **Reference** (e.g. the prescription number this patient credit is related to) and a **Note** explaining why a patient credit is being issued.

3. Click the **History** button to view the items previously dispensed to this patient:

| | Name Sarandi, Artig Code: 10229487 arch Prescriber | pas | Confirm date : | 00/00/00 | of birth Address | : 01/02/1984 : | | Female | Store: General Entered 01/11/2019 Invoice 0 | Black |
|---------------|--|-----------|-------------------|------------|---------------------|-------------------|----------|-------------|---|----------------------|
| Code: | lete line(s) | Mistory | Prescription date | 01/11/2019 | Re | Vote | - | ategory Non | Entered by user 1 (pass- | user1) |
| Line Location | | Bern Name | | Quan | Pac | Batch | Exp date | Sell Price | Price exten | ^ |
| 5 1 6 | nen: | | | Amou | nt: | 0.00 | | | | v |
| Date | | | | Notes | • | New note | | | Subtotal: 0 % tax: Total: | 0.00 0.00 0.00 |

4. Select the item(s) to be returned from the patient's dispensing history, then click **Add to credit**. Multiple items may be added at once:

| Date | Number | Prescriber | Item | Quantity | Directions | |
|------------|--------|------------|---------------------------|----------|------------|---|
| 01/11/2019 | 24 | CAR | Amoxicillin 250mg tab/cap | 1 | | |
| 01/11/2019 | 19 | CAR | Amoxicillin 500mg tab/cap | 1 | | |
| 01/11/2019 | 20 | CAR | Amoxicillin 500mg tab/cap | 1 | | |
| 01/11/2019 | 21 | CAR | Amoxicillin 500mg tab/cap | 1 | | |
| 01/11/2019 | 23 | CAR | Amoxicillin 500mg tab/cap | 1 | | |
| 01/11/2019 | 24 | CAR | Amoxicillin 500mg tab/cap | 2 | | |
| | | | | | | > |

5. Review the patient credit. Note that the price appears as a *negative* value in the patient credit window since it is a credit *to* the patient, not a charge.

| ient details Name [Sarandi, Artigas iew Patient Code: 10229487 Prescriber [Carretas, Julieta | Confirm date : | | of birth : 0 Address : | 1/02/1986 | Fe | male | Store: General Entered 01/11/2019 Invoice 22 |
|---|-------------------|------------|---------------------------|--------------------------------|------------------------|----------------------|--|
| Code: CAR | Prescription date | 01/11/2019 | Refere | | | gory None | Entered by user 1 (pass= user1) |
| Line Location Item Na 1 Amoxicillin 500mg tab/cap | me | Quan 1 | Pac E | Batch YRT445 | Exp date 31,01/2019 | Sell Price 100.00 | Price exten |
| S i F & Item. | | Amou | . 💽 N | 0.00 lew note belete not | | | Subtotal: -100.00 0 % tax: 0.00 Total: -100.00 |

You can also add items *not* linked to a patient's history by clicking the **New line** button and entering item details just like you would for a prescription.

If you *only* want to allow users to issue patient credits for items linked to a patient's history, turn on the **Limit patient credits to previously prescribed items** preference in the *Invoices 2* tab of **File > Preferences** (see Invoices 2 **Preferences**). This will disable the **New line** button, and all items must be selected from the **History** button.

6. Once you are sure the patient credit is correct, check the **Finalise** box and click **OK**.

Remember you have also just returned items to your mSupply inventory! If you are going to destroy returned items, you now need to remove them from your mSupply inventory in a separate transaction (either a Reduce stock Inventory Adjustment or a Stocktake).

When the patient pays for their next prescription, their credit will be *automatically* applied in the Payment window.

In this example, the patient's current prescription is \$300 but they had a \$100 credit which is automatically applied to the invoice. Now, they only need to pay \$200.

| atient details | Name Sarandi, Artigas | | Date of birth : 01/02/1986 | Female | [| Black | |
