9.01. Return goods to a supplier

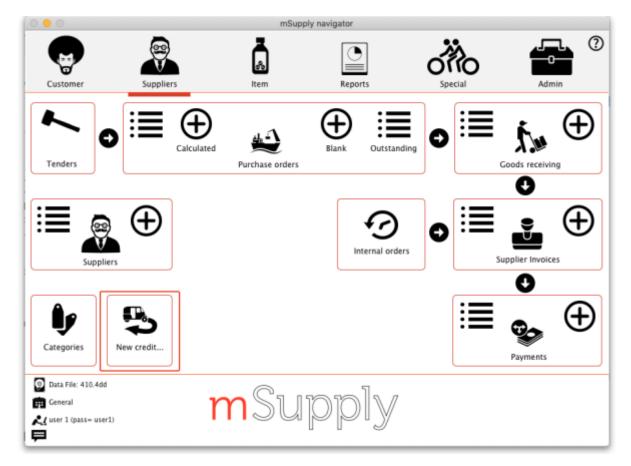

It is important to be able to return goods to a supplier without it affecting the store's issuance statistics. If you just issue goods to your supplier through a Customer Invoice, then those goods will be counted as part of your store's 'issuance' (consumption). A Supplier credit is the way to do that.

Goods are returned to a supplier using a supplier credit transaction. There are two ways to create one:

- 1. Manually create a supplier credit
- 2. Create a supplier credit from a finalised supplier invoice

Manually create a supplier credit

On the Suppliers tab of the navigator, click on the **New credit...** icon (*Supplier > New supplier credit...* in the menus):

This will open the new supplier credit window:

Last update:	
2020/08/05 23:22	returning_goods:returning_to_supplier https://docs.msupply.org.nz/returning_goods:returning_to_supplier?rev=159666975

Name Their ref Comment					Confi	rm date : 00/0 None	0/00	Colour IIIae Invoice number : 0 Entry date : 13/03/2020 Status : nv	:k
New line	Delete line	General	Sur	mary by it	em Surer	naty by Batch	Log	Coods received ID : 0 Purchase Order ID : 0 Requisition ID : 0 Entered by : user 1 (pass- Store: Ceneral	user1)
Lo Item code	Item Name	Qty	_	Batch	Expiry	Cost Price	Sell Price	Price extension	
	Other charges							Subtotal:	0.00
S 🗾 🐔	item(s):							0 % tax:	0.00
	Amount: 0.00							Total:	0.00
Hold Exp	ort batch: 0								

In the *Name* text box, type the first few characters of the supplier's name then press the Tab key on the keyboard and select the correct supplier in the usual way. Enter a reference and comment in the *Their ref* and *Comment* fields if needed.

Now click on the New line button to open the new line window:

		1	Add item		
ltem Line	0			•	New item
Quan	0 of 0	Bull-Outer and size			
Pate	0	Bulk/Outer pack size	0		
				Cancel	OK OK & Next

Just as you do on a customer invoice, you enter the name of the item and then select the line of stock you wish to return to the supplier (obviously, you're selecting what to return from what you already have in stock). So type the first few characters of the item's name or code in the *Item* field and press the tab key on the keyboard to select the item in the usual way. When you have selected the item, you will be shown the list of all batches you have in stock:

						Add item	1					
		illin 500m	g Capsule						MO500T		New item	
Line		1									New Item	
Quan		0 of 200										
Pack	100	0		Bulk/	Outer pa	ack size 0						
Line			Tot in st			Batch	Expdate	Supplier	Location	Cost Price	Sell price	Sta
1	0	200	200	1000		MDO345/56	30/04/2022	testsup01		1.98	1.98	
	Total q	uantity issu	ved	0				Cance		ок	OKA	

Enter the number of packs to return in the *Quan* field and click on *OK* or *OK* & *Next* if you want to add another item. When you've finished adding items you'll be back at the supplier credit window:

) N	ame Test suppli	er 01 👢				Confirm	n date : 00/0	0/00	Colour Blac	:k
Com	ir ref	testsup01				Category	Vone	0	Invoice number : 2 Entry date : 13/03/2020 Status : mv	
_		_							Goods received ID : 0	
÷		<u> </u>							Purchase Order ID : 0	
iew lin	e	Delete line							Requisition ID : 0	
									Entered by : user 1 (pass- Store: General	user1)
			General	Sur	nmary by It	em Summ	ary by Batch	Log	store. General	
. Lo.,	Item code	Item Name	Qty	Pack	Batch	Expiry	Cost Price	Sell Price	Price extension	
	AM0500T	Amoxycillin 500mg Capsule	3	1000	MD56	30/04/2022	1.98	1.98		-5.94
-	_									
	-									
_	_									
		Other charges								
	F 🗐	Item(s):			_				Subtotal:	-5.94
		Amount: 0.00			_				0 % tax:	0.00
		0.00							Total:	-5.94
Hold Finalis		port batch: 0 Margin: -200.00							OK & Next Delete DK	

Click on the *OK* button and the supplier credit will be automatically confirmed and the stock will be taken out of your system. If you need to print out a packing list or delivery note the click on the printer icon on the bottom right hand corner of the supplier credit window before clicking on the *OK* button.

If the supplier is another store

If the supplier in the *Name* field is another store, mSupply will create an on-hold customer credit in that store so that the users there can easily receive the goods in when they physically arrive at their warehouse. However, just as with normal customer invoice stock transfers, the customer credit will only be created when this supplier credit is finalised. So, if you have not checked the *Finalise* checkbox on the supplier credit before you clicked on the *OK* button, you will be shown this confirmation message:

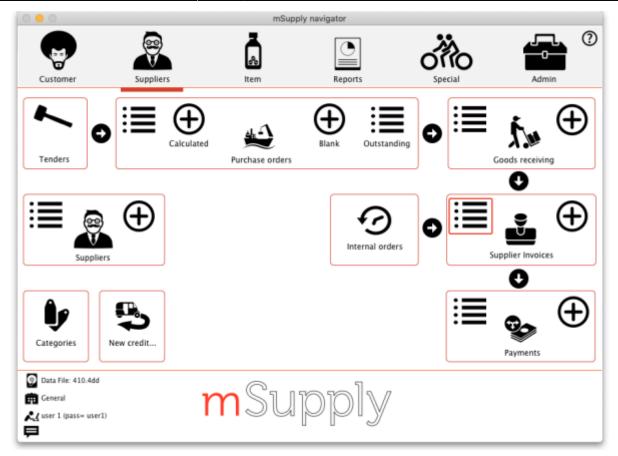

If you click on the *Finalise* button the supplier credit will be finalised and the customer credit will be created in the supplier store. If you click on the *Leave as confirmed* button the supplier credit will be left at confirmed status (so the goods will still have been deducted from your store) but the customer credit will not be created in the supplier store. You can open the supplier credit again later and finalise it to create the customer credit in the supplier store.

A note about transaction categories: If you have set a transaction category in the supplier credit (the **Category** field in the screenshot above) then, when the customer credit is created in the supplier store, mSupply will look for a customer credit category with the same category code. If it finds one then it will assign it to the customer credit, otherwise it will not assign a category to the customer credit.

Viewing supplier credits

To view supplier credits you have created before, click on the show supplier invoice icon on the Suppliers tab of the navigator (*Supplier > Show invoices...* in the menus):

This will show you the search filter window:

Supplier tran	nsactions	0	
15	most recent tra	nsactions, or:	
nvoice Number 🛛 🛛 equ	als	•	
Use list vie	w if one entry fo	ound	
Complex Find	Cano	el	Find

Note that the drop down list at the top is set to *Supplier transactions*. Edit the other filter selections as required (leave the top drop down list as it is) and click on the *OK* button to see a list of all supplier transactions (invoices, credits etc.). The supplier credits are the ones with "sc" in the *Type* column:

Last update: 2020/08/05 returning_goods:returning_to_supplier https://docs.msupply.org.nz/returning_goods:returning_to_supplier?rev=1596669755 23:22

	•	_	_	_	_		actions list		_	_

_	1/2/2	-											

To see only supplier credits in the list you can click on the *Supplier credits* item on the left in that window.

Create a supplier credit from a finalised supplier invoice

If a user has the *Return stock from supplier invoices* preference set (see the 21.15. Managing users section for details), then, when they open a finalised supplier invoice, a *Return selected lines* button will be displayed:

				-	арриет п	nvoice (Rea					
N	ame Test supplie	er 01 📕				Confin	m date : 13/0	03/2020		Colour	Black
Thei	ir ref	testsup01								Invoice number : 1	
Come	nent					Category	None	0	<u>n</u>	Entry date : 1	
		<u> </u>								Status : f	
			-	-						Goods received ID : (
			P	1						Purchase Order ID : 0	
			Ret							Requisition ID : 0	
			selecte	d lines	i						ser 1 (pass= user1)
										Store: 0	ieneral
		•	Ceneral Se	immar	y by item	Summary b	y Batch P	rice Log			
Lo	Item code	Item Name	Qty	Pack	Batch	Expiry	Cost Price	Sell Price		Price extension	
	AMO500T	Amoxycillin 500mg Capsule		1000		30/04/2022					396.00
	PARSOUT	Paracetamol 500mg Tablet	2000	100	KLDR452	31/08/2023	2.40	2.4	0		4,800.00
_											
	-										
-											
	-										
	1								1		
		Other charges									
										Subt	stal: 5,196.00
21	3	item(s):								0 %	tax: 0.00
		Amount: 0.00								т	tal: 5,196.00
Hold	E.v.	part batch: 0									
	e 100	Margin: 0.00							OK & Next	Delete	ОК

7/8

Select the lines you wish to return by clicking on them in the table (the usual Shift and Ctrl/Cmd+click and Ctrl/Cmd+A combinations are available) then click on the button to see the window where you enter the number of packs you wish to return:

Item code	Item name	Location	Batch	Expiry	Pack size	Number of packs available for return	Number of packs to return
AMO500T	Amoxycillin 500mg Capsule		MDO345/56	2022000Z	1000	197	197
PARSOOT	Paracetamol 500mg Tablet		KLDR452	2023000Z	100	2000	2000

Each line you selected on the supplier invoice is shown in the table. In the *Number of packs to return* column, enter the number of packs you wish to return for each line. If you wish, select the reason for return in the drop down list in the top right hand corner of the window. This drop down list is populated with your supplier credit transaction categories (see the 22.07. Transaction categories section for details on this).

When you're done, click on the *OK* button. mSupply will check you have the quantity you selected in stock. If you do not, you will be warned and you must set a different quantity. If all is well you are asked for confirmation and then a finalised supplier credit (with the transaction category you selected in the *Reason for return* drop down list) is created for you, which you can view as described in the Viewing supplier credits section above.

If the supplier is a store, you will be informed that a customer credit has automatically been created

in the supplier's store, just as when you create a supplier credit manually. Note that, if you selected a reason for the return, mSupply will look for a customer credit transaction category with a code matching that of the reason you selected and, if it finds one, will apply that to the customer credit.
