

18.10. Supplier instructions for submitting tenders via Excel

Tender response template

As a supplier, you may be invited to participate in a tender managed using mSupply. The client may send you a tender response template Excel document in xlsx format, which you are expected to complete and submit for evaluation.

You must use Microsoft Excel to view and edit the tender template. Microsoft Excel 2016 or newer has been tested to work with the tender template xlsx file. Theoretically Microsoft Excel 2007 should be fine, but this has not been tested.

The tender template will look something like this. You can also download a reference template from [here](#):

supplier_tender_reference_template.xlsx

The **yellow** section contains the item that you may bid for. **Do not modify any contents of the yellow section.**

The **blue** section is where you can enter the price for the items you wish to bid on.

Internal Line ID	Line #	Item Code#	Item Name	Requested Number of packs	Requested Pack size	Requested Total Qty	Units	Offered Pack size	Offered price per pack (DAT Delivered at Terminal)	Currency
11	1	ace250t	Acetazolamide 250mg tab	100	10	1000	ea			
12	2	alb25t	Albumin, human inactivated sol, 25%	200	10	2000	ea			
13	3	bup25t	Bupivacaine hydrochloride 0.25% int	250	5	1250	ea			

 The currency and the manufacturer column should appear as a dropdown list. [View currency pop down list](#) If this doesn't work, please make sure you are using Microsoft Excel and that the version supports xlsx file format. Contact the client if you suspect that the xlsx file is wrong.

 Do not change the cell format. If the cell is set to text or number, then it must be left as it is. Changing the cell to a different format will cause issues later with information potentially being lost.

 The Excel file has the header row frozen, allowing you to scroll down the list and enter data while still being able to view the corresponding header.

The three worksheets

The Excel template contains three worksheets. **Do not modify the name of the worksheets.**

- **TenderItems:** Main worksheet containing the tender items.
- **ManufacturerList:** Contains the manufacturers that populate the [manufacturer dropdown list](#) in the main worksheet. Do not add to the list of manufacturers manually as this list needs to come from your client.
- **CurrencyList:** Contains the available currencies that populate the [currency dropdown list](#) in the main worksheet. Do not add to the list of currencies manually as this list needs to come from your client.

Tender response template fields

A more detailed information regarding the tender template columns and cells is described below.

Completing the tender response template

Currency

This specifies the currency for your quote, which is set for each item. Select an available currency from the dropdown list.

The screenshot shows a portion of an Excel spreadsheet. At the top, there is a header bar labeled 'To be completed'. Below it, a section is labeled 'Mandatory fields'. A cell containing the text 'Currency' is highlighted with a green border, and a dropdown menu is open below it. The dropdown menu lists four options: 'NPR', 'USD', 'AUS', and 'INR'. To the right of the 'Currency' cell, there is another cell labeled 'Expiry Date'.

If the required currency is missing, it means the client has never handled this currency in mSupply before. You may enter the new currency in this column using the appropriate three letter abbreviation from this link: [Currency Abbreviation](#).

The screenshot shows an Excel spreadsheet with a header bar labeled 'To be completed by supplier'. Below it, there are two sections: 'Mandatory fields' and 'Non mandatory'. In the 'Mandatory fields' section, a cell containing the text 'Currency' is highlighted with a green border, and a dropdown menu is open below it. The dropdown menu lists four options: 'CAD', 'USD', 'AUS', and 'INR'. To the right of the 'Currency' cell, there are cells labeled 'Expiry Date', 'Delivery time', 'Supplier item code', and 'Manufactu'. A dialog box titled 'New Currency' is overlaid on the spreadsheet. The dialog box contains a yellow warning triangle icon and the text 'You are using a new currency, Are you sure you want to continue?'. Below the text, there is a 'Continue?' label and four buttons: 'Yes', 'No', 'Cancel', and 'Help'. The 'No' button is highlighted with a blue border.

The example above shows Canadian Dollars (CAD) is being quoted for this item. Excel will alert you that this is a new currency. Click OK to continue with the new currency.

On your next tender with the same client, your currency of choice should already be present on the spreadsheet.

Manufacturer

This specifies the manufacturer for your quoted item. Select an available manufacturer from the dropdown list. Typing the first few letters will show a list of matching manufacturers.

Non mandatory fields	
Manufacturer Name	Comments
vf	
Axis Pacific 1	
Axis Pacific 3	

If the required manufacturer is missing, it means the client has never recorded goods from this manufacturer in mSupply before. You may enter the new manufacturer in this column. Excel will alert you that this is a new manufacturer. Click OK to continue with the new manufacturer.

Item by supplier			
Non mandatory fields			
Delivery time	Supplier item code	Manufacturer Name	Comments
		new manufacturer	

New Manufacturer [X]

You are adding a new Manufacturer, Are you sure you want to continue ?

Continue?

On your next tender with the same client, the newly added manufacturer should already be present on the spreadsheet.

Tender response rules

If you choose not to bid for an item: Leave the blue section for that row blank. Do not delete lines.
